Missicner's records thow morely that the defendant stood mute." And that is the way the records read. Savage was taken back to the Shawnee county jail where he will await the preliminary. His attorney attempted to raise a point that there was something irregular about the method by which Savage was brought from Denver to Topeka. He indicated that he may raise this point at the preliminary hearing.

Savage, a negro, never talks much. That has been observed at former trials. He had little to say when he was convicted of the \$50,000 mail robbery in Kansas City ten years ago.

At Tuesday's arraignment he said nothing.
